#### **One Day Classes**

Friday (6 pm – 10 pm)

#### 010 CPR/AED

In this course, students will learn how to recognize a life-threatening emergency, how to provide basic life support and what to do in case of an airway obstruction or choking. This course meets the requirements for FRS 1029 in the KCTCS Fire/Rescue Science Technology AAS Degree Program.

Cards will be provided for those that choose to purchase them at \$8.00 per card.

#### Friday (1:30 pm – 10 pm)

This 8 hour course is designed to train firefighters to recognize the signs, and to escape an impending Flashover. A flashover situation is a very serious life threatening event that could result in injury and/or loss of life to firefighters who encounter this dynamic fire situation. Students will be taught how to read smoke, utilize thermal imaging devices, as well as basic instincts to detect and escape a Flashover. This course is a mixture of classroom/lecture, as well as hands-on training utilizing a live-fire Flashover Recognition training prop.

Prerequisite: Completion of NFPA 1403 required components prior to enrolling; Live Fire Course Competency Form is required. OSHA 1910.134 (No Facial Hair impeding the seal of the facepiece) will be enforced by SFRT Instructors for anyone participating in the live burn.

Friday (6 pm – 10 pm)

#### 030 Instructor Methodology

#### BB0000

This class, designed for company officers and other fire or rescue service personnel with the responsibility of conducting periodic company level or small unit training, introduces the participant to basic instructional concepts and techniques. Emphasis is on teaching principles and techniques applicable to fire and rescue service training and includes effective communication, teaching from lesson plans, methods of instruction, with emphasis on skills training and adult learning. **Prerequisite: Certified Fire Instructor** 

P0001

Friday (1:30 pm - 5:30pm)

#### 040 EMT Refresher I

Various Topics (Electives)

1pm-5pm (Electives-Various Topics). 6pm-10pm (Disaster Management, LZ, Preparatory)

Friday (6 pm – 10 pm)

050 EMT Refresher II P0000, P0006

Topics covered during this time will include Disaster Management, Preparatory, as well as Landing Zone Safety.

Friday (6 pm - 10 pm)

060 Traffic Incident Management B0000 (2 hrs.) CC0000 (2 hrs.)

This class details how temporary traffic control can be established and maintained by emergency responders on-the scene. The Traffic Incident Management course focuses on inter-agency response to vehicle accidents and offers practical solutions to issues that may arise on-scene.

Friday (6 pm – 10 pm)

070 Basic Firefighting I B0000 (2 hrs.) G0000 (1 hr.) D0000 (1 hr.)

This course will cover four of the recommended twenty hours of training for new firefighters and enhance the knowledge of the veteran firefighter. It will consist of two hours Safety, one hour of Forcible Entry & one hour of Fire Behavior.

Equipment Needed: Full turnout gear, including SCBA and PASS device.

Friday (6 pm – 10 pm)

| 080 Swift Water Rescue - Awarene |
|----------------------------------|
|----------------------------------|

Q0005

This course will consist of classroom/lecture only, covering the NFPA 1006 and 1620 standards. Swift Water Rescue Awareness is a beginner course for any responder who plans to further their knowledge in this technical rescue discipline. Students will be taught how to recognize the danger, isolate, communicate and assist within the Incident Management System on a Swift Water Rescue Incident.

Sunday (8:30 am – 5:00 pm)

#### 100 Principles of Modern Fire Attack: SLICE-RS

SLICE-RS class is open to all chief officers, instructors, company officers and firefighters. This class will introduce modern fire behavior and changes to the fire attack within the profession, based on research findings. This information has been known to be controversial to some, so be prepared for great discussions. You don't have to look far for good discussion regarding fire command, control, accountability and especially fire behavior. The shared science, research and best practices are another tool for your toolbox! Go home to your department with a renewed outlook and with a healthy knowledge of the Principles of Modern Fire Attack: SLICE-RS. Equipment Needed: None; Prerequisites: None

M0001

8 hours

#### <u>Saturday (8:30 am – 5:00 pm)</u>

#### 105 Firefighter Survival FC10000

This course will demonstrate different techniques a firefighter can use when the primary escape route becomes blocked or if caught in a rapidly deteriorating situation. Techniques will emphasize self- rescue using tools regularly carried by or available to the firefighter.

This course and course 150 FF Rescue meet the requirements for FRS 2052 in the KCTCS Fire/Rescue Science Technology AAS Degree Program.

Equipment Needed: Full turnout gear, including SCBA and PASS device.

Prerequisites: Competent in the use of Personal Protective Equipment, including SCBA.

Saturday (8:30 am - 5:00 pm)

#### 110 LPG Propane Emergencies (M0004) 8 hours Saturday

This is a LIVE-FIRE, HANDS-ON course that helps the firefighter make informed decisions concerning propane emergencies. The Bobtail Propane Prop & the Residential Prop will be utilized.

Equipment Needed: Full turnout gear and SCBA with PASS device and spare cylinder. All turnout gear must be NFPA compliant with no component older than 10 years. Students will not be allowed to participate if the instructor(s) find that the gear is not NFPA compliant or otherwise poses a hazard.

Prerequisite: Completion of NFPA 1403 required components prior to enrolling; Live Fire Course Competency Form is required. OSHA 1910.134 (No Facial Hair impeding the seal of the facepiece) will be enforced by SFRT Instructors for anyone participating in the live burn.

Saturday (8:30 am – 12:30)

#### 115 Basic Firefighting II

G0000

This course will cover four of the recommended twenty hours of training for new firefighters and enhance the knowledge of the veteran firefighter. It will consist of 4 hours of Forcible Entry.

Equipment needed: Full turnout gear, including SCBA and PASS device.

Saturday (1:00 pm - 5:00 pm)

<u>120 Basic Firefighting III</u> F0000 (3 hrs.) L0000 (1 hr.)

This course will cover four of the recommended twenty hours of training for new firefighters and enhance the knowledge of the veteran firefighter. It will consist of 3 hours of Personal Protective Equipment and 1 hour of Foam.

Equipment needed: Full turnout gear, including SCBA and PASS device.

Saturday (8:30 am - 11:30)

| 125 Hard to        | o Get I | W0000 (3 hrs.) |
|--------------------|---------|----------------|
| <u>125 natu (C</u> |         |                |

This course is designed to assist the firefighter that is almost certified but lacks just a few hours that are "hard-to-get". It will consist of 3 hours of Aircraft.

Saturday (12:00 pm - 5:00 pm)

130 Hard to Get II C0000 (2 hrs.) X0000 (3 hrs.)

This course is designed to assist the firefighter that is almost certified but lacks just a few hours that are "hard-to-get". It will consist of 2 hours of Communications & 3 hours of Emergency/Disaster Planning.

Saturday (8:30 am – 5:00 pm)

#### <u>135 EMT Refresher</u> P0010 (4 hrs.) P0008 (2 hrs.) P0012 (1 hr.) P0013 (1 hr.)

Topics covered on this day will include 4 hours of Medical, 2 hours of Airway, and 1 hour each of OB/GYN & Pediatrics.

Saturday (8:30 am – 5:00 pm)

| 140 Hazmat Awareness | T0001 | <u>8 hours</u> |
|----------------------|-------|----------------|
|----------------------|-------|----------------|

This course is designed to comply with NFPA 1001 and NFPA 472 requirements. It will teach first responders the needed information to recognize and identify hazardous materials. This course meets the requirements for FRS 1046 in the KCTCS Fire/Rescue Science Technology AAS Degree Program.

Sunday (8:30 am - 5:00 pm)

#### 145 Max Fire Box Burn N' Learn / Advanced Thermal Imagining D0000

-Sponsored by 911 Fleet & Fire Equipment, SCOTT SCBA-

This session trains your firefighters in recognizing rapid fire and smoke behavior events such as flashover, backdrafts and smoke explosions in an interactive setting. The morning session begins with a brief lecture and ends with interactive live fire training utilizing the Max Fire Box. Members of your fire department will be given the opportunity to witness over 40 key fire behavior definitions in a controlled interactive learning environment. The afternoon session begins with a live online lecture with Andy Starnes. The tactical 360, Go/No-Go decision making model and protecting your crew from thermal insult are just a few of objectives covered during this lecture. Upon completion of the classroom session firefighters will use thermal imaging cameras in an interactive learning environment utilizing the Max Fire Box.

Instructors: Andy Starnes/ Thermal Imaging SME & Shawn Bloemker/ Max Fire Box

@KTFBurnsDC Instructor Andy Starnes andystarnes@instructorandystarnes.com

Andy is a lifelong student of the fire service and has been involved with the fire service as a volunteer since 1992 and as a career firefighter since 1998. His family, Sarah (wife) and daughter Emma live in Shelby NC. He is a fire service website contributor on the topics of thermal imaging, fire behavior, leadership, behavioral health, and faith based devotions for: Firefighter Toolbox, Fire Department Concepts, Carolina Fire Rescue Journal, and Fellowship of Christian Firefighters. He is also is the founder of www.bringingbackbrotherhood.org, a nonprofit organization designed to encourage and provide guidance for firefighters in the area of behavioral health, counseling, and more. He is passionate about Fire Behavior and assisting in instructing others on understanding the complex terminology of modern fire behavior on a regular basis. He has been featured on the Firefighter Training Podcast, moderfirebehavior.com, Fire Engineering and presented tactical thermal imaging courses at Fire House Expo, FDIC, Fire House World, and KTF West. He has trained and/or assisted departments with Thermal Imaging Training in the following states: Washington, Arizona, Idaho, Illinois, Colorado, Ohio, Montana, Wyoming, New York, New Jersey, Rhode Island, Maine, Massachusetts, North Carolina, South Carolina, West Virginia, Florida and in Panama, Poland, Canada, and Germany. He holds a Level 1 Thermography Certification, serves as the Thermal Imaging SME for KTF Burns, and assists departments in their needs assessment in purchasing thermal imaging cameras.

Shawn Bloemker is a 20-year veteran of the fire service. He developed the Illinois Fire Service Institute's Fire Behavior and Smoke curriculum and was recognized by the IFSI as Instructor of the Month in November 2013. He also served as coordinator of the Fire Fighting Program at Lewis & Clark Community College. Shawn developed the Max Fire Box, which has been instrumental as an instruction tool as well as used with research activities. Shawn has been traveling the United States and Canada teaching fire and smoke behavior utilizing the Max Fire Box. Shawn is a career firefighter at the Godfrey Fire District and is President of Max Fire Training, Inc. Home of the Max Fire Box. MaxFireTraining.Com MaxFireBox.Com Sunday (8:30 am - 5:00 pm)

#### 150 Firefighter Rescue FC20000

This course will concentrate on safely removing a trapped or unconscious firefighter from a burning structure. Students will review OSHA requirements for "2 in – 2 out" and discuss how to set up a rapid intervention team. *This course and course 105 FF Survival meet the requirements for FRS 2052 in the KCTCS Fire/Rescue Science Technology AAS Degree Program.* 

Equipment Needed: Full turnout gear, including SCBA and PASS device. Prerequisites: Competent in the use of Personal Protective Equipment, including SCBA.

Sunday (8:30 am - 5:00 pm)

#### 155 "Suppress the Mess" M0002, M0005, K0000, W0000

Fire Control & Hose Handling Techniques for Vehicle Fires with hands on prop, Helicopter/ARFF Fires with hands on prop, & Dumpster Fire with hands on prop. This is an all day, hands on course for the beginner and/or experienced firefighter who wishes to enhance their skills for routine, as well as some non-routine calls involving live fire. Suppress the Mess will require Live Fire Competency Forms from the student's perspective agency. No one under 18 years of age will be permitted to attend.

Sunday (8:30 am - 11:30 am)

160 Basic Firefighting IV N0000

This course will cover three of the recommended twenty hours of training for new firefighters and enhance the knowledge of the veteran firefighter. It will consist of 3 hours of Loss Control (Salvage/Overhaul).

Equipment needed: Full turnout gear, including SCBA and PASS device.

Sunday (12:00 pm - 5:00pm)

<u>165 Basic Firefighting V</u> J0000 (3 hrs.) L0000 (2 hrs.)

This course will cover five of the recommended twenty hours of training for new firefighters and enhance the knowledge of the veteran firefighter. It will consist of 3 hours of Ladders & 2 hours of Foam .

Equipment needed: Full turnout gear, including SCBA and PASS device.

Sunday (8:30 am – 11:30 am)

#### 170 Hard to Get III Y0000

This course is designed to assist the firefighter that is almost certified but lacks just a few hours that are "hard-to-get". It will consist of 3 hours of Cause & Origin/Fire Investigation.

Sunday (12:00 pm – 5:00 pm)

#### 175 Hard to Get IV S0000 (3 hrs.) and 10000 (2 hrs.)

This course is designed to assist the firefighter that is almost certified but lacks just a few hours that are "hard-to-get". It will consist of 3 hours of Fire Protection Systems (Alarms and Sprinklers) & 2 hours of Ropes-Basic.

Sunday (8:30 am - 5:00 pm)

#### 180 EMT Refresher III P0009 (3 hrs.) P0011 (4 hrs.) P0000 (1 hr.)

Topics covered on this day will include 3 hours of Patient Assessment, 4 hours of Trauma, and 1 hour of an elective.

Sunday (8:30 am – 12:30 pm)

#### 185 Wildland Awareness FC30000

This course is the Fire Commission's mandatory 4-hour instruction on Wildland Firefighting. The course will cover the minimum training required for certification as a firefighter in Kentucky.

Sunday (1:00 pm – 5:00 pm)

#### 190 Firefighter Cancer AwarenessB0000

This course is for Firefighters of all levels. Cancer among firefighters is unfortunately becoming more common in the fire service. This course is designed to address common practices that we can do to protect ourselves from hazards that increase exposure to carcinogens. The instructor will provide firefighters with basic information of why we are more susceptible to cancer, methods to decrease the risks of cancer, as well as signs and symptoms of common cancers.

#### Two Day Classes

Saturday & Sunday (8:30 am – 5:00 pm)

210 New Fire Chief "Challenging Issues"

This course is designed to develop the managerial, administrative and leadership skills necessary for a first time fire chief or chief officer, who desires a leadership position in their department. This course addresses critical knowledge and skills pertaining to the responsibilities of a Fire Chief including such topics as local politics and the role of the chief officer, liability and risk management, resources and items of knowledge needed to become a first time leader in a new position in their agency.

Saturday & Sunday (8:30 am – 5:00 pm)

#### 220 Pump Operations

This course will discuss various operations of fire pumps. During this course, students will learn how to operate various fire pumps (electronic and manual), as well as perform a pump test. Hands-on pumping will be a feature of this class, including various fire ground operations. Our Brand NEW Interactive Pump Simulator will be utilized throughout the course.

Saturday & Sunday (8:30 am - 5:00 pm)

#### 230 Vehicle Extrication

This course is designed to educate the rescuer on the proper techniques of vehicle extrication. Topics covered will include safety, scene size-up & preparation, stabilization, new car designs & features, as well as various types of patient extrication techniques. This will be a strictly hands-on course where students will learn and practice the most up-to-date techniques for patient disentanglement, dashboard displacement, incident management & scene safety.

Equipment Needed: Helmet, eye protection, extrication jumpsuit/turnout gear, gloves & boots.

#### **\*JUNIOR FIREFIGHTER NOTE**\*

Junior Firefighters ages 15-17 years old can participate in any training, excluding live fire training. The agency they are representing must have an approved Jr. FF Program registered with the Kentucky Fire Commission prior to attending training.

No One under the age of 18 may participate in ANY Live Fire Training.

#### Q0001

#### AA0000

Z0000

CLASSES delivered by SFRT" IDs will be checked by SFRT Instructors before allowing students to participate in LIVE FIRE TRAINING. **STUDENTS under the age of 18 will NOT be allowed to participate.** 

# **EXPLORER/Jr. FF PERMISSION FORM**

Mountain Firefighters Association Fire School Policy: This form must be submitted for all **EXPLORER/Jr. FFs UNDER 18 YEARS OF AGE.** In addition, there is a **zero tolerance policy** for any person exhibiting disruptive or disrespectful behavior. In the event of an incident, the parents (guardian) and the fire chief of the student will be contacted.

Student Name: \_\_\_\_\_

Date of Birth: \_\_\_\_\_

Name of class(es):

\*Students enrolling in Driver's Training must send a copy of their Driver's License with this form

## STATEMENT OF PARENTAL CONSENT

I, \_\_\_\_\_\_\_, as parent or legal guardian of the above named student, do hereby give permission for my son or daughter to participate in the course(s) listed above. I understand that some classes require a certain level of skill/experience and ability and that by signing this form, I attest that I have evaluated my dependent's ability to perform in the above named class/classes and believe that my dependent is capable of performing such tasks. My signature also acknowledges that I have read the Mountain Firefighters Association Fire School's **zero tolerance policy** concerning disruptive or disrespectful behavior (above) and I understand that my son or daughter will be removed from class if found to be in violation of this policy.
